Lighting and HVAC Upgrade at Five Coach Locations

CHALLENGE

Coach USA owns over 20 local companies in North America that operate scheduled bus routes, motor coach tours, charters, and city sightseeing tours.

SOLUTION

FSG updated lighting in bus maintenance facilities in Paramus, Elizabeth, New Brunswick and Westwood New Jersey, as well as the Grayline NYC Sightseeing facility in NYC. Technologies included high efficiency fluorescent lighting, cold cathode lighting in decorative and marquis applications in NYC and LED. The HVAC system at the New Brunswick garage was also replaced.

RESULT

FSG provided design, engineering, material and labor for all of the projects. FSG also coordinated and managed all rebates, including prescriptive rebates from NJ Clean Energy, Zone Program rebates from Con Edison and Direct Install rebates from PSE&G.
