**Contract Type**

Lighting

**Contract Amount**

\$35,987

**Electrical Contractor**

FSG Electric

**Number of Fixtures Replaced**

18

### CHALLENGE

The River Place Tennis Club wanted to reduce their energy consumption on three of their tennis courts while also upgrading the light output. There were both a number of dead spots on the courts and spots where the light was blinding.

### SOLUTION

FSG replaced 18 fixtures on the three courts with new LED LSI Courtblade fixtures which have a uniform throw of light and puts 50-55 foot candles on the court's surface.
